ANDRE FERREIRA

FRONT-END DEVELOPER

I have a passion for creating exceptional web applications with a strong detail-focused orientation. I enjoy translating great designs into pixel-perfect components that are clean and efficient behind the scenes.

After graduating from Middlesex University in 2016, I have been working closely with cross-functional Agile teams that include UX designers, Back-End developers, QA engineers and project stakeholders to create intuitive and accessible web experiences, acquiring a track record of delivering tools that have an impact on users lives in the process.

PERSONAL PROJECTS

POKESTATS.GG
Online encyclopaedia of Pokémon species containing information such as Pokédex entries, descriptions, evolution chains, moves, stats and much more!

ANDREFERREIRA.TECH
My personal one-page website featuring some custom animations.

WORK EXPERIENCE

APR 2019 – PRESENT | MONEY AND PENSIONS SERVICE | LONDON, UK
FRONT-END DEVELOPER

- » Built accessibility and browser compatibility focused applications that follow established web standards to serve a variety of citizen and government needs;
- » Collaborated in an Agile team with UX Designers, Developers and QA to develop designs and working prototypes based on user needs and in support of organisational aims;
- » Created an efficient and highly reusable React component library that scales across complex web applications;
- » Developed automated tests to support the company's continuous deployment environment;
- » Maintained and improved the existing digital estate by identifying problematic code and technical debt.

`React` `Redux` `NextJS` `styled-components` `JavaScript (ES6+)`

SEP 2018 – MAR 2019 | DELAWARE UK | LONDON, UK
TECHNICAL ANALYST

- » Developed enterprise solutions and digital platforms centered around the SAP product stack as part of the consulting team;
- » Created engaging new user interfaces and existing custom business intelligence platforms with SAP Fiori and SAP UI5;
- » Collaborated directly with clients to identify and design the right solutions and successfully see these through the entire project life-cycle;
- » Worked closely with the consulting and development teams on implementation projects from start to finish, remotely and at client site.

`JavaScript (ES6+)` `Angular 7+` `TypeScript` `jQuery` `Sass`

FEB 2017 – AUG 2018 | TALENTEAM | LONDON, UK
TECHNICAL CONSULTANT

- » Created SAP SuccessFactors Fiori extensions using SAPUI5 and SAP Cloud Platform applications;
- » Developed and maintained code for the company's Wordpress website and other internal tools;
- » Manually tested sites in various browsers and mobile devices to ensure cross-browser compatibility and responsiveness.

`JavaScript` `jQuery` `SAPUI5` `Wordpress`
