ANDRÉ FERREIRA

FRONT-END DEVELOPER ⬈

📞 07538858702 ✉ ferreirandre25@gmail.com ⬈ itsjustandre.com in /ferreirandre25 🌐 /andreferreiradlw

" I'm a front-end developer who enjoys building things that live on the internet. I develop exceptional websites and web apps that provide intuitive, pixel-perfect user interfaces while being clean and efficient behind the scenes. "

RELEVANT EXPERIENCE

SAP UI5 DEVELOPER @ DELAWARE
SEP 2018 - PRESENT // LONDON, UK

» Develop enterprise solutions and digital platforms centered around the SAP product stack (HANA, S/4, SAP Cloud Platform) as part of the consulting team
» Build, configure and enhance standard SAP business applications
» Design and create engaging new user interfaces and develop custom business intelligence platforms with SAP Fiori and SAP UI5
» Collaborate with clients to identify and design the right solutions and successfully see these through the entire project life-cycle
» Work closely with the consulting and development teams on SAP implementation projects from start to finish, remotely and at client site

SAP TECHNICAL CONSULTANT @ TALENTEAM
FEB 2017 - SEP 2018 // LONDON, UK

» Created SAP SuccessFactors Fiori extensions using SAP UI5 and SAP Cloud Platform tools for development and prototyping
» Developed and maintained code for in-house web applications primarily using HTML, XML, JavaScript, and jQuery
» Managed and developed the company's website using WordPress
» Manually tested applications in various browsers and mobile devices to ensure cross-browser compatibility and responsiveness
» Other multiple technical tasks in-house

OTHER EXPERIENCE
